

AI Use Declaration Template – Thailand Math Modeling Challenge

Team Name: _____

School: _____

Section 1: AI Tool Disclosure

List any AI tools (such as ChatGPT, Gemini, DeepSeek, etc.) used in the preparation of this report. Be honest and specific.

AI Tool Used	Purpose (e.g., grammar, coding, idea generation)	Prompt Example	What Did You Learn from It?
<hr/>			

Section 2: Summary Statement

Write a short paragraph (3–5 sentences) explaining **how AI helped you**, and **how your final solution still reflects your own thinking**:

"We used AI to... This helped us understand... However, our modeling process, assumptions, and results were developed based on our group's logic and working..."
